HOBBIES & INTERESTS

Parkour

Body Building

Japanese Culture and Animation

Gaming

Cubix — *A speed run game*

Implemented a maze game using unity which consists of a long path in which the player must puzzle around to reach the end in the least amount of time possible.

- Implemented the game on unity
- Engineered the challenging mazes
- Prepared the tutorial levels
- Developed a community of enthusiasts for the game

NextLevel Administration — *An online gym administration program for customers to enhance their gym experience*

- Discussed and refined requirements into manageable tickets
- Integrated and modified their preexisting components to match requirements
- Collaborated with the development team members to implement new feature developments
